

REPORT TO PICKMERE PARISH COUNCIL

14th January 2020

AGENDA ITEM 8.8 VILLAGE HALL ELECTRICAL SURVEY

1. Report

- 1.1 Arising from the risk assessment of council property currently under way, the need for a survey of the mains electrical system in the Village hall has become apparent. A survey was therefore carried out in December 2019 and the report of that survey has now been made available. It indicates that various renewal works are required primarily to the mains board and consumer unit, the majority of which need to be carried out in the immediate future.
- 1.2 Accordingly a quotation for the carrying out of remedial works is included on the private agenda at item 9.

2. Recommendation

- 2.1 That the report be noted.

Jack Steel
Clerk to Parish Council
