

REPORT TO PICKMERE PARISH COUNCIL

3rd December 2019

AGENDA ITEM 9.5 CEC BUDGET 2020-2024 PRE-CONSULTATION

1 Report

- 1.1 The following message has been sent to this council by CEC in respect of CEC's pre-budget consultation process. The document subject to the consultation is attached with these council papers.

This is an opportunity for interested parties to review and comment on [Cheshire East] Council's Budget proposals. The budget proposals described in this consultation document are Council wide proposals and our intention at this stage is to invite consultation on the broad budget proposals.

We intend to undertake full and proper consultation with people who may be affected by individual budget proposals.

Between 1 November 2019 and 6 January 2020, residents, councillors, businesses, schools, unions and council staff will be able to have their say on the budget proposals. The document contains a number of questions, providing people with an opportunity to give feedback on the various proposals. An on-line survey can be completed or you can give feedback by speaking to your local Councillor.

You can attach any comments, queries or other responses, such as alternative ideas for savings to the survey - all responses will be captured and reported to Cabinet Members and Council.

2 Recommendation

- 2.1 That members consider the document and comment accordingly either now or direct to CEC.

Jack Steel
Clerk to Parish Council
