Notice of Ground Investigations in Pickmere and Tabley

September 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

As part of preparations for HS2, we are investigating ground conditions along the Phase 2b route. The detailed information we get from ground investigations will help us to design and build the railway in the safest and most efficient way.

The works are being managed by our contractor Balfour Beatty.

Work within your area

Investigation work is due to begin at sites along the proposed route in Pickmere and Tabley on:

Land to the west of the A556

Balfour Beatty has reached agreement with the landowners and tenants to carry out the work.

Further information on the type of work we will be doing can be found at: www.gov.uk/government/publications/hs2-ground-investigations-a-non-technical-guide/.

You can also sign up for regular updates in your local area at <http://hs2westroute.commonplace.is/>.

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's strategy makes it clear that construction activity can continue if it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
