

## **REPORT TO PICKMERE PARISH COUNCIL**

**23<sup>rd</sup> March 2021**

### **AGENDA ITEM 4.2 – DISPOSAL OF REPLACED NOTICEBOARDS**

#### **1. REPORT**

1.1 Replacement noticeboards for Park Lane and the Pavilion have been ordered and are awaiting delivery. There remains the question of what happens to the existing boards that are taken down. These are in a weathered state but could possibly be renovated if required and reused. Two alternatives are:

- Dispose of them as waste;
- Seek an alternative taker for them.

1.2 The latter is obviously preferable though whether it is realistic idea is untested. Your Clerk has therefore asked CHALC to include on their weekly bulletin a notification that the boards will be available to a new user; it is presumed that no charge would be made for someone to take them away.

1.3 Members are asked to suggest any other alternative method of disposal or possible user in case no requests are received via CHALC.

#### **2. RECOMMENDATION**

2.1 That the Clerk's action in advertising the boards for donation at no cost to the acquirer (or to the Parish Council) be confirmed.

2.2 That members suggest any other possible avenues for disposal.

J Steel

Clerk to the Parish Council
