

REPORT TO PICKMERE PARISH COUNCIL

3rd May 2022

AGENDA ITEM 10.2 PROGRESS RE LIAISON WITH CEC RE VISITOR PARKING ISSUES ETC

1. REPORT

1.1 At your April meeting, Council made several resolutions, one of which was to seek to liaise with the CEC highways officer identified in the written response to your Council from CEC Cllr Craig Browne about highways problems in the parish. As a result a discussion (by telephone) has taken place with the officer, and it was agreed with him that:

- Your clerk will email CEC's parking enforcement team to ask that they try again to attend Pickmere lake area on summer weekends, to try to help deal with our visitor parking issues.
- When the officer visits Pickmere he will inspect the faded yellow lines on Park Lane to assess the need for their repainting.
- On the potential for possibly extending yellow lines in the village he was asked to note CEC Cllr Browne's comment in page 2 of his letter to the Parish Council that "various locations are on the council's list to be assessed..." and to check whether this is so; if not or if so it was emphasised to the officer that the PC would greatly appreciate the opportunity to have an initial meeting (in person or online), to talk through what kinds of extension might be a possibility, so that if and when resourcing becomes available to pursue such a scheme, both our councils have an idea as to what might be sensible to put forward.
- On the condition of Hall Lane he was asked to check if resurfacing/major repairs appeared anywhere in CEC's work programme.
- Finally the offer was again made that a representative of the PC would be happy to meet on-site in Pickmere to discuss the highway problem areas.

2. RECOMMENDATION

2.1 That the report be noted and members comment as desired.

Jack Steel
Clerk to the Parish Council
